ACADEMIC PROFILE

Motivated undergraduate student in Materials & Metallurgical Engineering at Chittagong University of Engineering & Technology (CUET), Bangladesh. Interested in Computational Materials Science, Density Functional Theory (DFT), Materials Characterisation and Materials Modelling, with the goal of pursuing postgraduate research.

EDUCATION

Chittagong University of Engineering & Technology (CUET)

Bachelor of Science (BSc) in Materials & Metallurgical Engineering

Expected Graduation: 2029

RESEARCH INTERESTS

- Computational Materials Science
- Density Functional Theory (DFT)
- Materials Characterisation
- Microstructure and Phase Transformations
- Advanced Functional Materials
- Materials Modelling and Simulation

TECHNICAL SKILLS

- Programming: Python (Beginner), MATLAB (Learning), C++
- CAD: SolidWorks
- Version Control: Git, GitHub
- Productivity Tools: Microsoft Word, Excel, PowerPoint
- Scientific Literature: Google Scholar, ResearchGate
- Research Profile: ORCID

LANGUAGES

- Bengali: Native
- English: Professional Working Proficiency
